I. Introduction

This report provides quarterly updates to Mississippi Department of Child Protection Services Leadership, Staff, and Stakeholders, the Olivia Y. Court Monitor, and Olivia Y. Plaintiffs regarding Agency performance on quantitative metrics associated with the Second Modified Mississippi Settlement Agreement and Reform Plan (2nd MSA). This report covers activity through December 31, 2018 as of January 16, 2019.

Note: Data presented for earlier quarters may differ from previously published data due to late entered data, updated data, and/or improvements to the business rules used to calculate an indicator.

II. Population Overview

A. Entry, Exit, and In-care Populations

For the fourth quarter, there were 4991 children in custody on the first day of the period and 4811 children in custody on the last day of the period, for an overall net decrease of 180 children in custody during the reporting period.

Table 1¹: Starting Population, Entries, Exits, and Ending population, by Quarter Starting 1/1/18

	In-care Q Start	Entries into Care	Exits from Care	In-care Q End
2018 Q1	5570	781	881	5360
2018 Q2	5360	679	907	5132
2018 Q3	5132	731	872	4991
2018 Q4	4991	599	779	4811

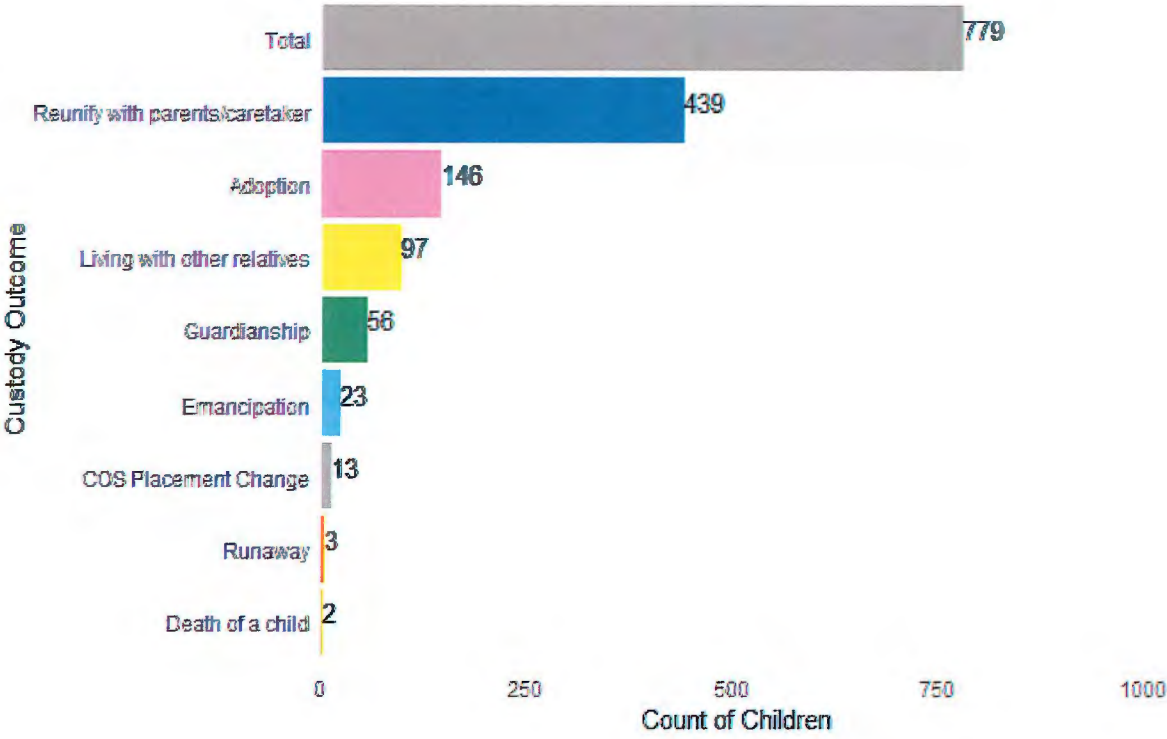

¹The Q1 and Q2 numbers reported differ from prior quarterly reports due to updated custody data for children in custody during the prior periods.

B. Custody Outcomes During Period

During Q4, 779 children exited MDCPS custody. Figure 1 shows the service outcomes for these children.

Figure 1: Children Exiting Custody During Q4 by Service Outcome

N = 779

C. Case Goals as of December 31, 2018

Figure 2 presents the number of children in custody on December 31, 2018, categorized by the permanency plan included in the most recent Family Service Plan approved prior to the end of the reporting period.

Figure 2: Children in Custody on 12/31/18 by Current Permanency Plan Goal

N = 4811

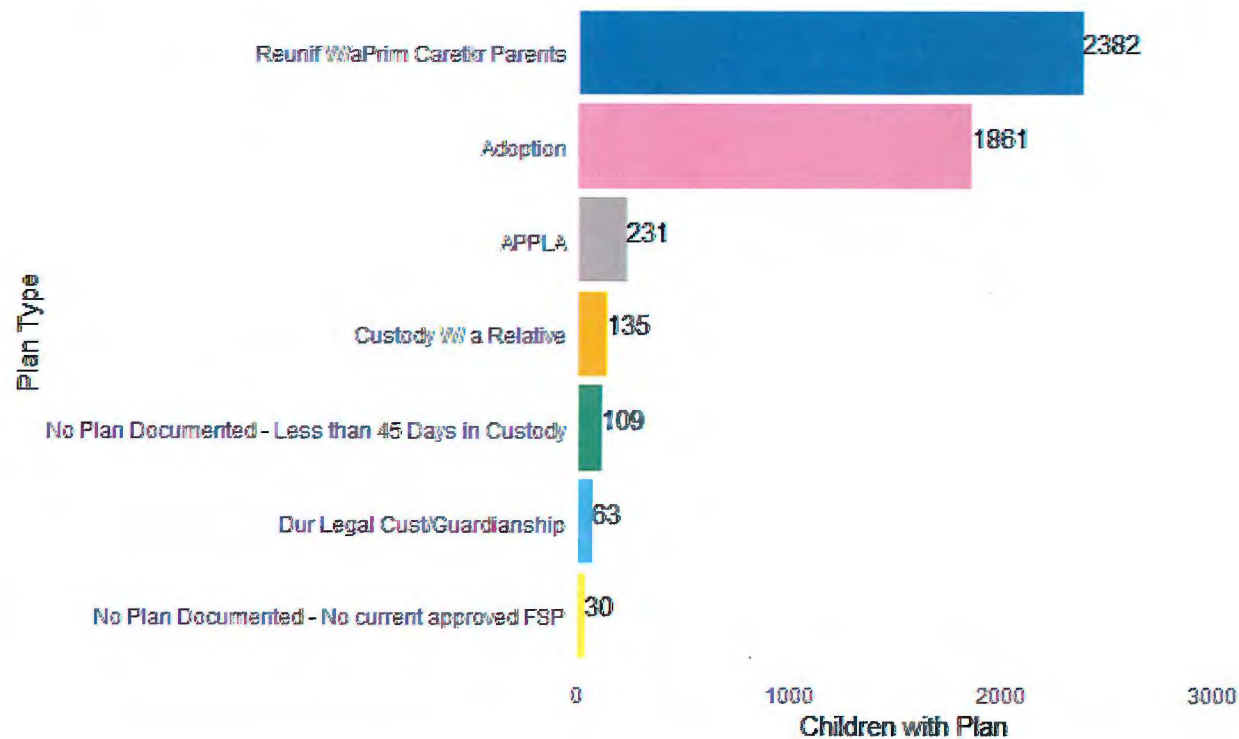

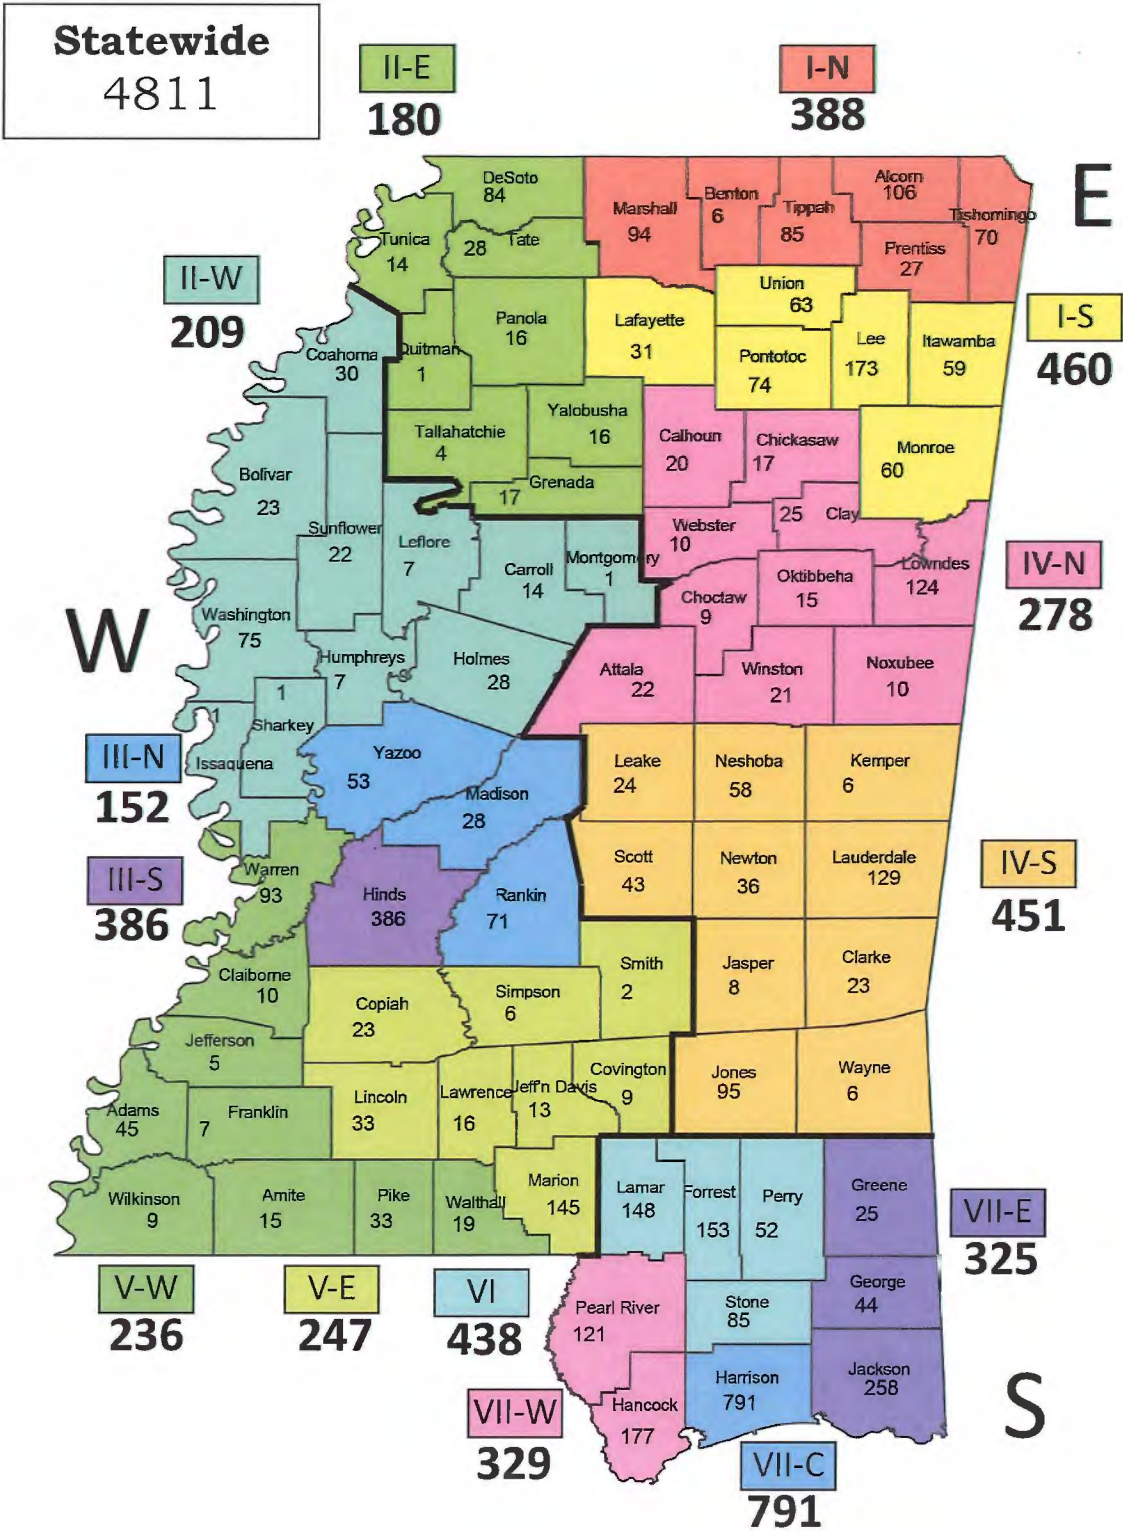

Figure 3: Children in Custody as of 12/31/18 by Region and County

III. Caseloads and Supervisor-Worker Ratio

A. 1.3 Caseworker Caseloads

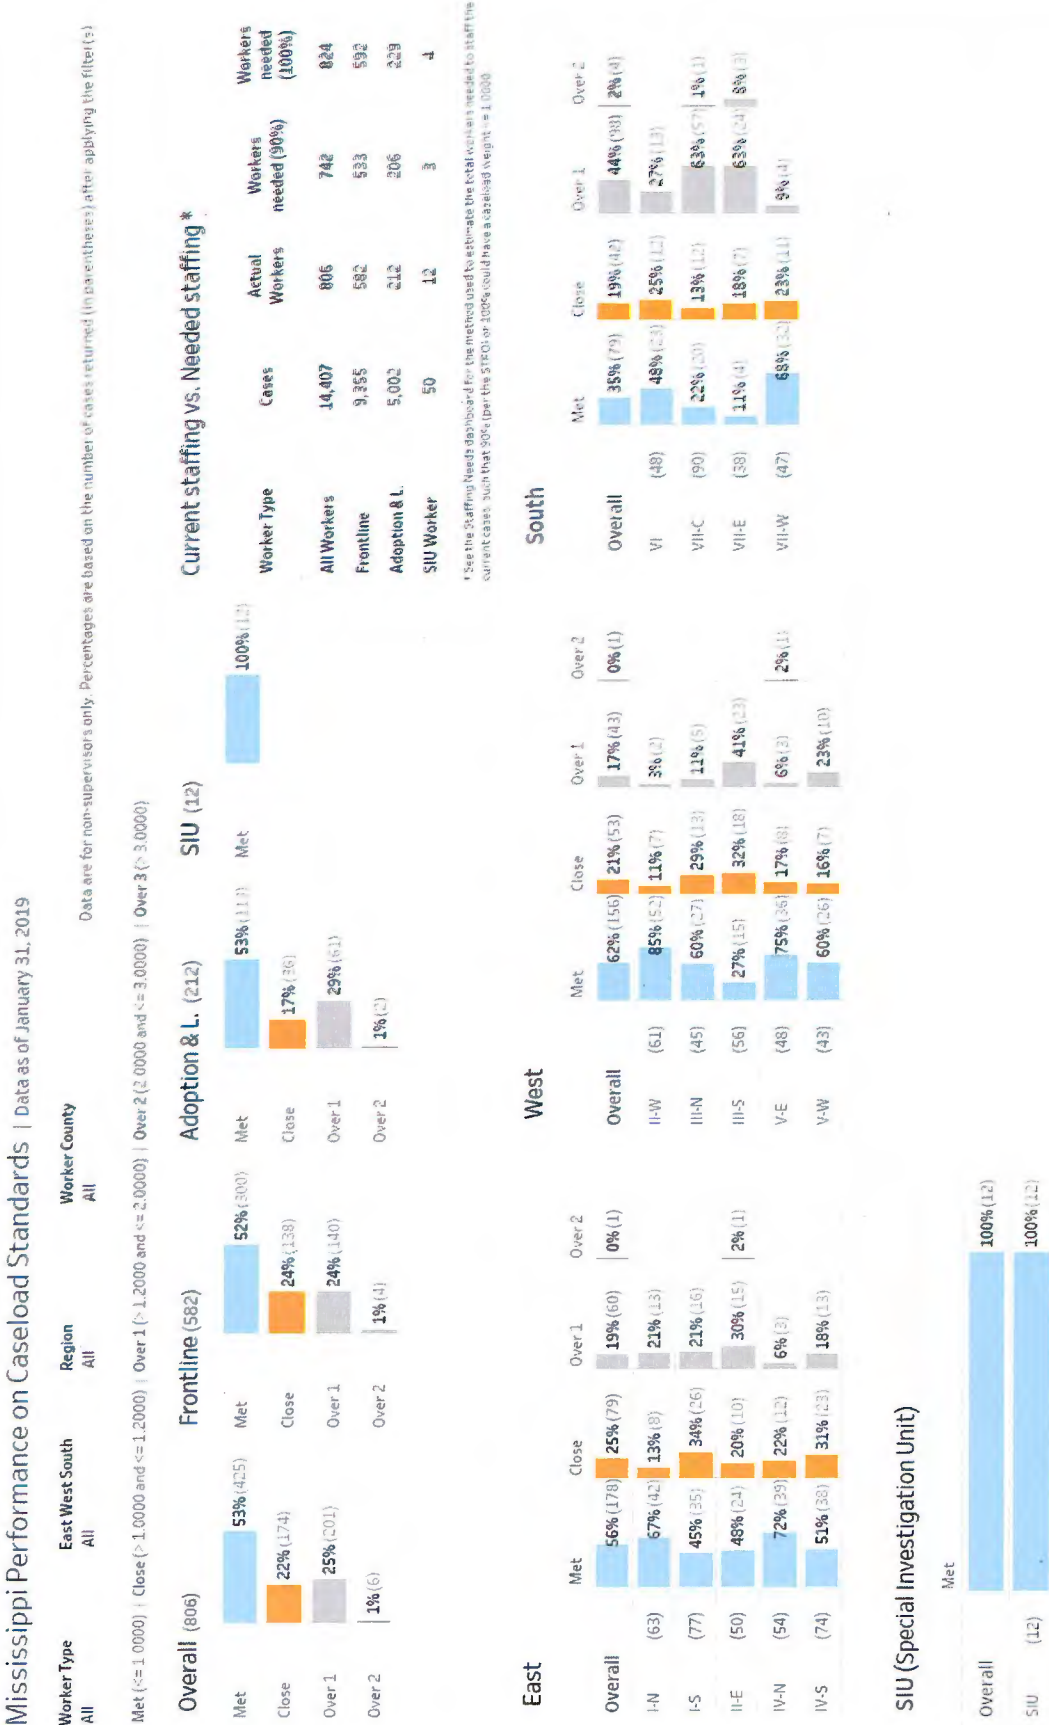

This section addresses the requirements for case worker caseloads and supervisor ratios in compliance with 2nd MSA, provisions 1.3.a and 1.3.b. The provisions are included below.

1.3.a: 90% of MDCPS caseworkers will have caseloads which do not exceed the caseload standards set forth below. Individual MDCPS caseworkers with generic caseloads shall not carry a mixed caseload that exceeds 100% capacity as calculated by the following weights per case type:

Type of Case ²	Included Categories	Standards	Weight Per Case - 100% Capacity
Child Protection	Investigations Level 2 Investigations Level 3	14 Investigations	0.0714
Ongoing Foster Care	Placement Responsibility & Service	14 Children	0.0714
Ongoing Foster Care	Placement County of Responsibility Placement County of Service		0.0357
In-Home Cases	Protection Responsibility & Service Prevention Responsibility & Service ICPC - Incoming	17 Families	0.0588
In-Home Cases	Prevention or Protection County of Responsibility Prevention or Protection County of Service		0.0294
Adoption	Adoption County of Service	15 Children	0.0667
New Application Licensing	Resource Inquiry ICPC Application Foster Home Study	15 Homes	0.0667
Renewal Licensing	Foster Home Supervision Foster Home Renewal	36 Homes	0.0278

² This table includes 2ndMSA caseload standards, but formatting changes have been made to the table for purposes of ease of reading in this quarterly report.

Figure 4: Caseworker Caseload Percentage Met v. Percentage Over, as of 1/31/2019

B. 1.3.b Supervisor Ratio

This section addresses the requirements for supervisor ratios in compliance with 2nd MSA, provision 1.3.b:

1.3.b 85% of MDCPS supervisors shall be responsible for no more than five (5) caseworkers.

As of January 1, 2019, 78% (22% exceeded standard) of supervisory staff were meeting the supervisor/worker ratio.

Table 2: Supervisor/Caseworker Ratio from the AR2K as of 1/1/19

Region	Total Number of Caseworker Supervisors	Total Number of Caseworkers	Total Number of Supervisors Meeting Supervision Limit	% of Supervisor Meeting Supervision Limit	Total Number of Supervisors Exceeding Supervision Limit	% of Supervisors Exceeding Supervision Limit
I-N	12	67	7	58%	5	42%

VII-C	22	104	16	73%	6	27%
Statewide	208	882	164	79%	44	21%

IV. Staffing and Training

A. 1.1 Hiring and Separations

This section provides an overview of front-line case carrying staff, new hires, and separations that occurred within the reporting period in compliance with 2nd MSA, provision 1.1.a

1.1.a MDCPS shall hire caseworkers who have, at minimum, a bachelor’s degree in social work or a related human services degree. The Monitor shall review and determine which degrees qualify as related human services degrees.

1.1.b. MDCPS shall hire or promote to the position of caseworker supervisor only persons who have, at minimum, the following qualifications:

1.1.b.1. A master’s degree in social work or a related human services degree and two years of experience working with children and families, preferably in foster care; or

1.1.b.2. A bachelor's degree in social work or a related human services degree with three years of experience working with children and families, preferably in foster care.

Table 3 presents hiring and separation data for Q3, including intra-agency transfers into supervisory roles.

Table 3: Hires, Separations, and Intra Agency Transfers for Caseload Carrying Workers and Supervisors, 10/1/18 – 12/31/18

		Oct-18				Nov-18				Dec-18				
Title	Total Staff Q Start	Hires	Exits	Intra-In	Intra-Out	Hires	Exits	Intra-In	Intra-Out	Hires	Exits	Intra-In	Intra-Out	Total Staff Q End
Supervisors	228	1	2	2	1	0	4	1	0	1	3	0	0	223
Case Worker	879	24	23	0	1	21	28	0	1	20	15	0	0	876
Totals	1107													1099

Data related to individual workers are provided to the Monitor on a quarterly basis.

B. 1.2 Training

This section provides an overview of caseworker and supervisor training during the reporting period in compliance with 2nd MSA, provisions 1.2.a-e. The provisions are included below:

1.2.a. MDCPS shall maintain a Training Unit headed by a qualified director of training. The Training Unit shall have sufficient staffing, funding, and other resources to assure that comprehensive child welfare training is provided to enable all caseworkers, supervisors, and other child welfare agency employees to comply with the relevant mandates of this 2nd MSA, MDCPS policy, and reasonable professional standards.

As requested by the Monitor, MDCPS will produce an annual professional development plan by December 1 each year, and any updates, to include staffing and funding for the Training Unit and details of the child welfare training to be offered to caseworkers, supervisors and other child welfare employees during the following calendar year.

1.2.b. MDCPS caseworkers shall receive a minimum of 270 hours of pre-service training, which includes instructional training and supervised field training, and may include E-Learning. Any E-Learning training is subject to the approval of the Monitor. Pre-service training provided during an MDCPS internship or previous employment with MDCPS may be counted towards the pre-service training requirement if that training is substantially similar to the training provided to new hires.

During the quarter, seventy-one caseworkers completed the requisite 270 hours of pre-service training. Thirteen caseworkers were exempt from pre-service training due to their status as a rehire. Additionally, sixteen caseworkers began pre-service during Q4 and are scheduled to complete training in Q5.

Data related to individual workers are provided to the Monitor on a quarterly basis.

1.2.c. MDCPS caseworker trainees, as part of pre-service training, may be assigned specific tasks or activities in connection with a case that is the primary responsibility of an experienced caseworker and may, under appropriate supervision, be assigned responsibility for a "training caseload" with progressively responsible caseload assignment:

1.2.c.1. Upon successful completion of a competency test, reviewed and approved by the Monitor and administered subsequent to the trainee's fourth week of work, up to five (5) cases may be assigned with supervisor approval.

1.2.c.2. Final caseloads may be assigned after successful completion of pre-service training, all competency-based tests and a satisfactory review by the training team.

1.2.c.3. All competency tests, modifications to competency tests, and the standards for passing competency tests, must be reviewed and approved by the Monitor.

MDCPS has elected not to implement training caseloads at this time. If the Agency decides to institute training caseloads, MDCPS will notify the Monitor before proceeding, so that all competency tests, standards for passage, etc. can first be reviewed by the Monitor for approval.

1.2.d. Starting in calendar year 2018, MDCPS caseworkers shall receive a minimum of 20 hours of in-service training, and all supervisors shall receive a minimum of 12 hours of in-service training. Beginning in 2019, MDCPS caseworkers shall receive a minimum of 40 hours of in-service training each year, and all supervisors shall receive a minimum of 24 hours of in-service training each year.

MDCPS produces a training report to the Monitor as requested that includes the names of all caseworkers and supervisors, their region/county office, and the number of hours of in-service training completed as of June 30, 2018 and as of December 31, 2018.

1.2.e: MDCPS caseworker supervisors, within 90 days of hire or promotion, shall receive a minimum of 40 hours of training, directed specifically at the supervision of child welfare caseworkers.

During Q4, six supervisors were hired or promoted. Two supervisors completed supervisory training during the period, two had previously completed supervisory training, one is scheduled to complete supervisory training in Q5, and one left during training.

Data related to individual supervisors are provided to the Monitor on a quarterly basis.

V. 1.4 Continuous Quality Improvement

1.4.a. By December 1st of each year, MDCPS shall develop an annual Continuous Quality Improvement Plan, which shall be subject to the approval of the Monitor after consultation with the parties.

1.4.b. Upon approval, MDCPS will implement the Annual CQI Plan and will do so with sufficient staff and resources to assess compliance with those provisions of the 2nd MSA that were identified for review in the Plan. The reviews will assess case practice, analyze outcomes, and produce analysis that will be shared with managers and stakeholders to achieve performance improvement.

MDCPS submitted the 2019 CQI Action Plan to the Court Monitor on November 30, 2018 and is currently awaiting on final approval of the plan.

VI. 1.5 Management Information Systems

1.5.a. MDCPS shall maintain comprehensive information systems that permit: (1) timely access by authorized MDCPS staff to information, including current and historical case documents, to support child safety and continuity of care across placement settings and services; (2) capturing, tracking, and reporting of applicable financial information, quantitative 2nd MSA compliance, longitudinal performance, and child welfare information, including federally required elements; and (3) prompts for workers and supervisors regarding required actions in a child's case and whether they have taken place.

1.5.b. MDCPS shall have a Comprehensive Child Welfare Information System (CCWIS) appropriate to its size and complexity that shall meet federal requirements by June 30, 2021. Defendants shall take reasonable steps to ensure data quality and verification of the accuracy of data in CCWIS. The CCWIS system shall have the necessary controls to decrease the risk of duplication of data and to reduce the risk of incorrect or invalid data. The system shall provide a visible trail to authorized administrators of all information entered, added, deleted, or modified, and shall have necessary security to protect data integrity. This system shall be audited at least annually to ensure the accuracy and validity of data in the system.

As noted in the January 31, 2019 correspondence to Plaintiffs and also shared with the Monitor (MDCPS 014893-014896), currently, work related to system development for CCWIS has been paused due to the budgetary issue. MDCPS continues to have monthly status update calls with the Children's Bureau for planning purposes related to both MACWIS and CCWIS. Advanced Planning Documents are being prepared for submission to the Children's Bureau for both MACWIS and CCWIS.

VII. 1.6 Data Collection and Reporting

1.6.b. Data related to compliance with the 2nd MSA's Foster Care Service Standards will be collected, analyzed, and made available, at least quarterly, to MDCPS regional and county staff.

MDCPS has submitted region and county level summary data files with each quarterly submission to the Monitor. Additionally, MDCPS created a Data Dashboard that provides point in time data related to the 2nd MSA's Foster Care Service Standards that is updated daily. All MDCPS staff have access to the data dashboard.

VIII. 1.7 Performance Based Contracting

1.7.a. Defendants shall establish, maintain and assess the effectiveness of a performance-based contracting system to evaluate annually contract agency compliance with the terms of the 2nd MSA. Defendants shall take all reasonable steps to ensure contract agency remediation of any identified deficiencies within three (3) months. A contract agency's unwillingness to participate in remediation efforts will be grounds for contract termination.

MDCPS completed reviews of 2 contract agencies from October 1, 2018 through December 31, 2018. A final report including results of the reviews is available to the monitors.

										2018 Q1 - As of 6/30/2018			2018 Q2 - As of 08/08/2018			2018 Q3 - As of 10/29/2018			2018 Q4 - As of 1/16/2019

7) Pursuant to the 2 nd MSA and with approval of the Court Monitor, MDCPS is producing PIT and Notes: period reports, identifying populations of interest for qualitative case reviews for this provision.								
8) 6.4.b requires MDCPS will take all reasonable steps to ensure that a court review, which may be called a review, dispositional, or permanency hearing, is held for each child in foster care custody within 12 months of initial placement, and annually thereafter. The data presented for 6.4.b represents the number of children with a documented timely court hearing not the reasonable steps taken to ensure a hearing is held. Data related to reasonable steps will be tracked in MACWIS starting with Q5 2019.
